We are informed about the reply from Europe Air Sports, which we in general do support.

According to paragraph 5.1.3 in “Mandate to Eurocontrol for support on development of standardised European rules of the air (SERA)”, 14th of August 2009 – provisions, which are of local nature, or of nature, where full standardisation is not necessary (5.1.3). In these cases the usage of AMC’s or CS’s or other appropriate material may be considered, if that is considered useful for Member States implementation of ICAO provisions. We do support this.

To the page 3 we would like to add the included comment (page 1).

All other points from Europe Air Sports are supported by the Royal Danish Aeroclub.
